

These major construction projects are planned in Wisconsin during 2004.

Other short-term projects may not be listed. It's always wise to allow additional time for travel through work zones. And slow down when approaching and driving through work zones. Remember, fines are double in work zones!

Southeastern and northeastern Wisconsin

- 1. **I-94 from the Kenosha Co. line to the Milwaukee Co. line, 12 miles.** Routine maintenance may close one lane in each direction during daylight hours with occasional two-lane closures at night. Sept. – Oct.
- 2. **Marquette Interchange in downtown Milwaukee.** Short-term lane closures may be required at night for bridge work. More details.
- 3. **WIS 11 from Crossway Road, Burlington, to Racine Co. C, 6.1 miles.** Road repairs will require detour via WIS 142, WIS 75 and WIS 11. Apr. – Nov.
- 4. **WIS 20 from WIS 67 to East Troy, 9 miles.** Road repairs will require detour via WIS 67, Walworth Co. A and Walworth Co. ES. July – Sept.
- 5. **I-90 West (northbound) between Janesville and the state line, 14.8 miles.** Repairs to northbound lanes and bridges. Construction will be staged with two lanes of traffic open most times. After Labor Day, installation of an asphalt overlay will reduce traffic to one lane in each direction. Heavy congestion can be expected during lane closures. A suggested alternate is US 51 between Beloit and Janesville. Apr. – Dec.
- 6. **US 12 from Cambridge to Fort Atkinson, 9.4 miles.** Road work and reconfiguration of the US 12/18 intersection in Cambridge will require detour via US 18, WIS 26 and US 12. Access to downtown Cambridge will be provided. Apr. – Jan. 2005.
- 7. **US 51 from Co. CV to Reardon Road, 2.6 miles.** Road work will require lane restrictions. Ramps at I-39/90/94 and at WIS 19 will be closed at times, with detours posted. Apr. – Dec.

Southwestern and northwestern Wisconsin

- 32. **US 12 between Middleton and Sauk City, 19 miles.** Conversion to four lanes will limit traffic to one east-bound lane and two westbound lanes. Expect congestion eastbound during peak travel times. Maximum lane width through zone is 11 feet. Jan. – Dec.
- 33. **US 14 from Mazomanie to the Wisconsin River, 12 miles.** Pavement replacement and addition of passing lanes will require use of flaggers. June – Nov.
- 34. **I-90/94 interchange at Tomah, 2 miles.** Replacement and rehabilitation of bridges. Motorists on I-90/94 westbound who want to connect with I-90 westbound will be detoured to the I-94/ Industrial Avenue interchange. Motorists on I-90 eastbound who want to connect with I-94 westbound will be detoured to the I-90 and I-94/Co. PP interchange at Oakdale. Mar. – May.
- 35. **I-90/WIS 162 interchange at Bangor, 1 mile.** Bridge work will restrict traffic to one lane in each direction. May – Sept.
- 36. **I-94 from Osseo to Northfield, 7.4 miles.** Resurfacing the westbound lanes will reduce traffic to one lane westbound. Sept. – Oct.
- 37. **WIS 25 between WIS 35 and Durand, 15 miles.** Roadwork will require flaggers. June – Oct.
- 38. **US 53 freeway construction in Eau Claire.** Lane closures during non-peak hours can be expected near the WIS 93 interchange. Near US 53/US 12 interchange, traffic on US 12 will be reduced to 25 mph. June – Sept. 2005.
- 39. **WIS 29 west of Chippewa Falls, 2 miles.** Conversion to four lanes will cause temporary off-peak lane closures and intermittent nighttime detours. Apr. – Oct.
- 40. **I-94 westbound at Hudson, 1 mile.** Bridge repairs will shift all traffic onto the eastbound I-94 bridge with two lanes of eastbound I-94 and three lanes of westbound I-94 open during morning rush hours and three lanes of eastbound I-94 and two lanes of westbound I-94 open during evening rush hours. Apr. – Nov.
- 41. **Eastbound I-94 near Menomonie, 3.3 miles and the I-94/US 63 interchange at Baldwin, 1 mile.** At Menomonie, bridge repairs will require all traffic to shift to westbound lanes and close adjacent rest areas. Mar. – June. I-94/US 63 interchange reconstruction will require intermittent daytime lane closures with flaggers. Mar. – Nov.

- 8. **I-90/94 over the Baraboo River from Cascade Mountain Road to WIS 33, 0.5 mile.** Bridge and pavement replacement will shift traffic to one side of the median. Two lanes of traffic will be maintained in each direction. Apr. – Oct.
- 9. **I-39 from US 51 to the Marquette Co. line, 5 miles.** Pavement replacement will reduce traffic to one lane in each direction. Expect congestion. Mar. – Nov.
- 10. **WIS 32 from Cedar Grove to Sheboygan Falls, 10 miles.** Road repairs will require detour via WIS 32, I-43, WIS 28 and WIS 32. Apr. – Sept.
- 11. **US 151 from Waupun to Fond du Lac, 16 miles.** Recon-struction of highway to four lanes may involve flaggers control-ling traffic on existing US 151. Through Nov.
- 12. **WIS 23 from Corey Lane to Sheboygan Co. OJ, 3 miles.** Grading work to convert highway to four lanes may require flaggers to control traffic. May – Dec.
- 13. **WIS 32/57 in Chilton, 1 mile.** Work will require detours, which are posted. June – Nov.
- 14. **WIS 76/Winnebago Co. II interchange, 0.5 mile.** Inter-change reconstruction will require detour for WIS 76 traffic via US 10, US 41 and WIS 76. Detour for Co. II will be via US 45, US 10 and Co. CB. June – Sept. 2005.
- 15. **US 41 at Brown Co. G/Ashland Avenue and at WIS 172 in-terchanges.** Repairs will require lane restrictions and possibly ramp closures. May – Sept.
- 16. **WIS 42 from Kewaunee to Algoma, 11 miles.** Road work will require flaggers to direct traffic during daylight hours. There will be a short detour in Algoma via Co. S and WIS 54. Mar. – Sept.
- 17. **WIS 42/57 at Sturgeon Bay, 4 miles.** Road repairs will require temporary lane restrictions and a 15-foot maximum width. Apr. – July.

- 18. **US 141 WIS 22 to the Marinette Co. line, 8.4 miles.** Expan-sion of roadway to four lanes may require traffic to be reduced to one lane with flaggers. Mar. – Nov.
- 19. **US 41 from the south Marinette Co. line to Peshtigo, 7.2 miles and in the city of Marinette from Cleveland Avenue to the state line, 2.1 miles.** South of Peshtigo resurfacing may reduce traffic to one lane with flaggers. May – June. In Marinette, roadway and bridge construction will require detour via Marinette Co. T, WIS 64, Hattie Street, and 10th Avenue. Aug. – Nov. 2005.
- 20. **US 141 Beecher to Pembine, 3.8 miles.** Resurfacing may reduce traffic to one lane with flaggers. May – June.
- 21. **WIS 73 from Princeton to Neshkoro, 9.3 miles.** Roadwork will require detour via WIS 23 and WIS 22. May – Nov.
- 22. **WIS 54/73 in Wisconsin Rapids, 2 miles.** Reconstruction will require detour via WIS 13 and WIS 73. June - Aug.
- 23. **US 10 from Lake Road to Portage Co. A, 4.2 miles.** Conversion of roadway to four lanes may cause short-term daylight lane closures with flaggers. Through Nov.
- 24. **I-39/US 51 from Stevens Point to Mosinee, 10.1 miles.** Roadwork will reduce traffic to one lane in each direction on the same side of the median. Speeds will be reduced to 55 mph in the work zone. Expect congestion. Mar. – June.
- 25. **WIS 34, Wisconsin River Bridge at Knowlton, 0.3 miles.** Bridge repairs will reduce bridge to one lane with traffic con-trolled by traffic signals. July – Aug.
- 26. **US 51 on the south side of Wausau, 1 mile.** Reconstruction of US 51/Co. N interchange area. Short duration lane closures can be anticipated during low traffic hours. A temporary detour will be in effect for Co. N traffic traveling south onto US 51. May – Nov. 2005.
- 27. **WIS 29 from 28th Avenue to 72nd Avenue on the west side of Wausau, 3 miles.** Bridge repairs will reduce traffic to a single lane in each direction prior to May 28 or after Sept. 7. Project may be done Mar. – June OR Aug. – Nov.
- 28. **US 45 in Antigo, 2 miles.** Roadwork will require flaggers to direct traffic. Work will be done over a 60-day period between May and Oct.
- 29. **WIS 64 in Merrill, 1 mile.** Roadwork will require detour via US 51, Lincoln Co. K, and WIS 64. Work will be done over a 105-day period between May and Oct.
- 30. **WIS 47 from McNaughton to Woodruff, 10.5 miles.** Road-work will require flaggers to direct traffic. Work will be done over a 45-day period between May and Oct.
- 31. **US 8 from Crandon to Laona, 12.5 miles.** Roadwork will re-quire flaggers to direct traffic. Work will be done over a 52-day period between May and Oct. with a detour via WIS 32/55 and Co. G for 10 days between mid-June to late Aug.

- 42. **WIS 35/64 from 150th Avenue to 38th Street, 2 miles.** Traffic will be switched onto two new lanes of WIS 35/64 with temporary daytime flagging operations possible weekdays. Apr. – Nov.
- 43. **WIS 27 from Ladysmith to the south Rusk Co. line, 12 miles.** Resurfacing will require flaggers. May – Sept.
- 44. **US 63 from Cumberland to the north Barron Co. line, 6.4 miles.** Roadwork will close highway with detour via Barron Co. B to 8 3/4th Street, 28th Avenue, 8th Street, 30th Avenue and US 63. May – Oct.

- 45. **WIS 27 from WIS 70 to Hayward, 9 miles.** Roadwork will require use of flaggers, May – Oct.
- 46. **US 2 from Iron Co. B to the west Co. line, 7.7 miles.** Resurfacing will require use of flaggers. Work will be done over a 35-day period between May – Oct.
- 47. **WIS 13 from Douglas Co. H to Herbster, 21 miles.** Road-work will close highway with detour via Co. Highways H, FF, B and A. May – Oct.
